

Novel Coronavirus (COVID-19)

Safer at Home Order: Examples of What's Open in Los Angeles County

Through our Safer at Home efforts, we've collectively slowed the spread of novel coronavirus (COVID-19) in Los Angeles County, allowing for a phased reopening of some businesses and public spaces. However, COVID-19 remains a serious risk. Please continue to practice social (physical) distancing and wear a facemask whenever you are around others, and to wash your hands frequently. Also, remember to [stay home if you are sick](#) or if you have been in [close contact with someone who is sick](#).

The following are examples of public sites that are open and temporarily closed under the [Safer at Home Order](#). If the State or a City has different rules, the strictest rule applies. This is a partial list only and when at these sites, you must follow requirements to help prevent the spread of COVID-19. Click on the links to learn about these requirements.
